WESTCHESTER COUNTY,

NEW-ROCHELLE.

Nearly \$3,000 has been secured for the work of

Nearly \$3,000 has been secured for the work of the Young Men's Christian Association in New-Rochelle, leaving only \$1,000 more needed to pay the expenses of the first year. The Association begins with a membership of three hundred, and has leased the Arcade Building for five years at a rental of \$2,400 a year.

After seven years of continuous labor in behalf of the New-Rochelle Hespital, Mr. and Mrs. W. R. Pitt have resigned. Mr. Fitt was president of the hospital, his wife was president of the women directors, and both were among the public-spirited citizens who helped to found it in 1892. Mr. and Mrs. Pitt in their letter say that now that the institution has reached a place where it can be said to be permanently established they feel that it is the proper time to give others the opportunity for effective work which the place affords. The Board of Managers has adopted a resolution thanking them for their services.

PORT CHESTER.

While making his rounds on Saturady night William Smith, a night watchman in the yards of the New-York, New-Haven and Hartford Railroad, noticed a number of men waiking the tracks. On approaching closer he saw that they were intoxiapproaching closer he saw that they were intoxicated, and ordered them away. The men said that they wanted to go to New-York. "Well," said Smith, "you had better take the road. You will get run over here." The men began abusing the watchman, and one of them, who seemed more profame than the others, said: "I don't care. I wish some train would come along and run me off the earth." He had scarcely uttered the words when the Shore Line express, one of the fastest trains on the road, came around the curve and he was killed instantly. Smith picked the body up and found that one side of the skull had been crushed in. The doad man's name could not be learned. It is supposed that he was a tramp. dead man's name could not be rearned. It is posed that he was a tramp, The Rev. Charles Edward Brugler, rector of St. Peter's Episcopal Church, has announced the annual services for the Fire Department on Sunday evening, March 26. The Rev. James Thompson, of New-York, will preach.

MOUNT VERNON.

MOUNT VERNON.

Arthur Bussing, the young lawyer whose mysterious disappearance about ten days ago was reported to the police, has returned to his home on Chester Hill. Mr. Bussing declined to tell where he was, except to say that he had been attending to some private business.

Mrs. Susan Gould, widow of George Gould, died at the home of her daughter. Mrs. T. A. Stephenson, No. 135 Prospect-ave. Chester Hill, yesterday, Mrs. Gould was born in Somersetshire, England, eighty-four years ago. She was married when eighteen years old gaid came to this country with her husband on their wedding tip, settling in New-York. In 1851, when the Mount Vernon Homestead Association was formed, they removed to Mount Vernon, and their son, Theodore Gould, was the first child born in the new settlement. Later Mr. Gould built the Mount Vernon Hotel; the first hotel in Mount Vernon.

DELIBERATIONS OF THE C. F. U.

CHARGES THAT ALIEN LABORERS ARE BEING

At the meeting of the Central Federated Union in right to be were being made naturalized citizens He said that there was a gang of padrones who He said that there was a made a business of providing laborers and mechanics for city work. Under the present law such workers must be citizens of the United States. The padrones evade this law, Mr. O'Brien continued, by naturalized there by paying the clerk of the applied to \$10 for each man.

Mr. O'Brien said that a thriving business had been

Sone in Jersey City, Newark, Brooklyn and White Plains in furnishing naturalization papers to allens

at \$10 a head.

Delegate O'Brien also called attention to the efforts which he said were being made at Albany to repeal the Tobin Stone-dressing law, which provides that all stone used in State or municipal buildings and work in the State shall be cut and dressed in New-York. He said that the new bill which had been introduced in the Legislature was in the intersets of the New-England quarry-owners, and that it was being supported by the Builders' League of New-York, which was composed of speculative cuilders in the upper part of the city. Continuing, Mr. O'Brien said that M the Tobin law was repealed fully five thousand granite-workers in this city and the State would be thrown out of employment. finished by charging that attempts had been made in Albany to bribe the members of different labor gislative bodies to agitate against the Tobin law. A resolution was passed strongly condemning the new bill, and the secretary was instructed to write

new bill, and the section was instructed to write to Governor Roosevelt about it.

Delegate McCabe, of the Gold Beaters' Union, re-ported that the organized gold-beaters in all parts of the country would make a demand for an inof the country would make a demand for an in-crease in wages on April 1. He added further that strikes would be resorted to if necessary to gain the demand for a new wage scale. The gold-heaters, he declared, were the worse paid skilled workers of all trades, and that under the present piece-work system they made only from 5 to \$10 a week. On April 1 the gold-heaters will demand \$5 a heating. If C. Johnson, chairs.

April 1 the gold-beaters will demand to a beating.

of 15 a week.

H. C. Johnson, chairman of the State Board of
Mediation and Arbitration, was present at the meeting, and the privilege of the floor was accorded him.

He declared that he was strongly in favor of organized labor, and in his remarks relating to the
negotiations lass week for the settlement of the
troubles in the factory of R. Hoe & Co. he said
that he was surprised at the intelligence conservaism and honesty of the representatives of the tradeunions. Mr. Johnson then complimented George
Warner, delegate of the International Machinets'
Union, for the part that he took in the settlement.

Delegate Kahn, of Bakers' Union No. 1, reported
that there was a hilly goat in the yard of a hoss
baker at No 63 East Thirteenthist, and that, although the factory imspectors had been appealed to
to remove his goatship, they had failed to do so.

A resolution was passed asking the factory inspectors to remove the goat immediately, so that
hereafter when Delegate Kahn desired to viait the
journeymen bakers employed in the bakery to collect their union dues he could do so without having
to wear armor or carry a short.

THE WEEK IN PETROLEUM.

Trading in refined petroleum was dull and un-eventful last week, but prices both here and abroad on a fairly liberal scale, but, as heretofore, inter on a fairly liberal scale, but, as heretofore, interest is centred chiefly in the Scio field, although no new discoveries are reported. The present production of that field is now placed at 4,600 barrels per day, and the number of producing wells is 150. The last week has witnessed efforts to extend the field, but so far these efforts have not been successful. Two wells have been fulled, one to the north and the other to the northwest of the town; the former proved a dry hole and the latter a little better. better.

Mr. Davis also asserts that the Buckeye company is to stand sponsor for similar companies to be organized to compete with the trust in St. Louis, Buffalo and probably Cincinnati. The Wolverine company will immediately undertake the erection of a large celd-storage plant here. Contracts have been let for fitting out two fishing tures, and it is expected contracts for the necessary equipment will be closed up in a few days. An interesting feature of Mr. Davie's withdrawal from the trust is that he was conspicuous as one of its promoters.
